

## Religion and Worldviews Curriculum Statement – Kapow Primary

### **Intent**

At Penwortham Broad Oak Primary School, our Religion and Worldviews curriculum, delivered through the Kapow Primary scheme, is designed to nurture respectful, thoughtful, and informed learners. We aim to develop pupils' understanding of a range of religious and non-religious worldviews, encouraging curiosity, empathy, and open-mindedness. Our curriculum supports children in exploring key questions about identity, belonging, values, and belief, helping them to appreciate diversity and reflect on their own place in the world.

### **Implementation**

We follow the Kapow Primary scheme, which offers a structured and progressive approach to teaching Religion and Worldviews across all year groups. Lessons are enquiry-led and incorporate a variety of engaging activities including storytelling, discussion, creative tasks, and reflection. Pupils learn about major world religions and non-religious perspectives through themes such as celebration, community, and morality. The scheme is inclusive and accessible, with resources that support high-quality teaching and learning, and opportunities for cross-curricular links with subjects such as PSHE, history, and art.

### **Impact**

Our pupils leave Penwortham Broad Oak with a well-rounded understanding of different beliefs and practices. They are able to express their own views respectfully, listen to others with empathy, and engage thoughtfully with big questions. The curriculum contributes to their spiritual, moral, social, and cultural development, preparing them to be responsible, respectful citizens in a diverse society. Through Religion and Worldviews, children develop the skills and attitudes needed to thrive in modern Britain and beyond.
